

DOOR PRIZES at the 2016 NorthEast Experimental Fly-In

Visit the event tent to pick up your free door prize ticket then put your ticket in the jar of the prize you'd like to win. We will have separate drawings for each of the door prizes.

The CLAW - Aircraft Anchoring System

<https://theclaw.com/products/c-100-aircraft-anchoring-system/>

Developed by avid pilots, the C100 Aircraft Anchoring System provides superior protection for aircraft from damaging winds.

The C100 System exclusively utilizes the Claw®, a patented lightweight, high-strength earth anchoring system. The C100 Kit includes one carry bag that stores three Claw® anchors, nine spikes, one hammer and 30-ft of rope. Total weight is just 8 lbs. Each one of the three Claw® anchors can withstand 1,200 lbs. of force, yet, it requires little effort to install or remove, making it far superior to any other aircraft anchor system.

Small tube of FLITZ included

SAMPLE PACKET OF FLITZ also available for first 100 attendees

Flitz Buff Ball - XL (7" Ball)

www.flitz.com/buff-ball-x-large-7/

Buff your airplane to a beautiful shine !
