

SPECIAL ONE-DAY WORKSHOP – COMPOSITES!

Hosted / instructed by EAA106 member & Cozy builder **IZZY BRIGGS**

Photo by: *Burrall Sanders*

Izzy is building a Cozy Mark IV which you'll see at the workshop!

DATE & TIME: **AUGUST 25, 2013** 8 am to 4+ pm

WORKSHOP: All Day Composites workshop. Come see instructional and entertaining videos, hands-on and demonstrations with typical materials used in aircraft construction. Bring in your own small item for repair or modification! This session will focus on practical uses for composite construction including repairing, embedding metal parts and ways to cut and trim materials.

PRICE: **\$5** (Five \$) -- includes: Materials, Continental Breakfast, and Lunch.

MAX NUMBER: Due to the size of the workshop location (a home), the workshop MAY be limited. If too many, we will create a waitlist for a possible future workshop.

LOCATION: Epsom, NH – Once registered & confirmed for this date, details to be provided.

REGISTRATION: <http://www.106.eaachapter.org/ea106workshops.htm>
Please sign up to a) ensure we don't exceed max # for this date and b) commit \$ so that Izzy knows how much material to have on hand. Form includes name, e-mail for us to send confirmation & address, composite experience (if any), bringing an item to repair?, how paying, etc)

SPECIAL ONE-DAY WORKSHOP – COMPOSITES!

Hosted / instructed by EAA106 member & Cozy builder **IZZY BRIGGS**

THE LOCATION ... Epsom, NH

Note: Izzy's home/workshop can only hold 10 (ideal) to 15 (max). If too many have signed up for the room available, you'll be so notified and put on a waitlist for a possible, future workshop. Izzy's address will be provided in the confirmation to those who have signed up.

Are you interested in CARPOOLING to save gas and share conversation on the way to/from this workshop?

Izzy's workshop is **1hr 5 min** from the **Lawrence Municipal Airport** (492 Sutton St., No. Andover, MA). Distance is ~48 miles.

If you think you'd like to carpool from the Lawrence Muni Airport -OR- any other location you might want to suggest, please e-mail [EAA106.INFO – at – GMAIL.com](mailto:EAA106.INFO@gmail.com) with your offer to drive &/or request to ride along with your suggested carpool meeting location options – and we'll share that info with any others who also e-mail that they are interested in carpooling.
